

# Mean

repetition for effect figurative language

You, with your words like knives and swords and weapons that you use against me  
You have knocked me off my feet again, got me feeling like a nothing simile  
You, with your voice like nails on a chalkboard calling me out when I'm wounded  
You, picking on the weaker man simile

Well you can take me down with just one single blow figurative language - comparing words to blows in a fight  
But you don't know what you don't know repetition

## Chorus

repetition

Someday I'll be living in a big ole city, and all you're ever gonna be is mean  
Someday I'll be big enough so you can't hit me, and all you're ever gonna be is mean repetition  
Why you gotta be so mean? figurative language juxtaposition/contrast

You, with your switching sides and your wildfire lies and your humiliation example of metaphor  
You have pointed out my flaws again, as if I don't already see them  
I walk with my head down trying to block you out cause I'll never impress you physical manifestation of her feelings  
I just wanna feel okay again

I bet you got pushed around, somebody made you cold half rhymes  
But the cycle ends right now 'cause you can't lead me down that road metaphorical road  
And you don't know what you don't know repetition

## Repeat Chorus

And I can see you years from now in a bar, talking over a football game physical example of what he'll be like  
With that same big loud opinion but nobody's listening half rhyme painting a picture of bitter, defeated bully in future  
Washed up and ranting about the same old bitter things  
Drunk and grumbling on about how I can't sing internal rhyme

But all you are is mean repetition  
All you are is mean  
And a liar, and pathetic, and alone in life, and mean  
And mean, and mean

okay, maybe this is rubbing it in a bit much. She made her point and I think she already won!

## Repeat Chorus
